

ALLUR

LONG-LASTING COMPOSITE DECKING

WHY CHOOSE COMPOSITE?

Our composite decking boards provide a long lasting performance that timber can't match. Produced using recycled materials our boards are resistant to moisture, mildew and warping.

**MADE FROM
SUSTAINABLE MATERIALS**

Each 3.6m board contains
3kg of recycled plastic
& 6kg of FSC® certified wood fibre.

**RECYCLABLE
BOARDS**

All Allur products can be recycled
at local recycling centres.

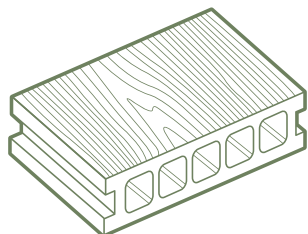

**REDUCES
DEFORESTATION**

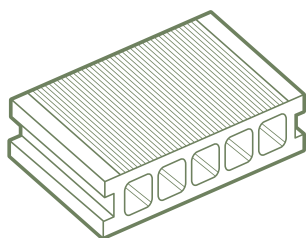

Our composite decking boards
use less timber thus decreasing
the need to cut down trees.

DOUBLE-SIDED BOARDS

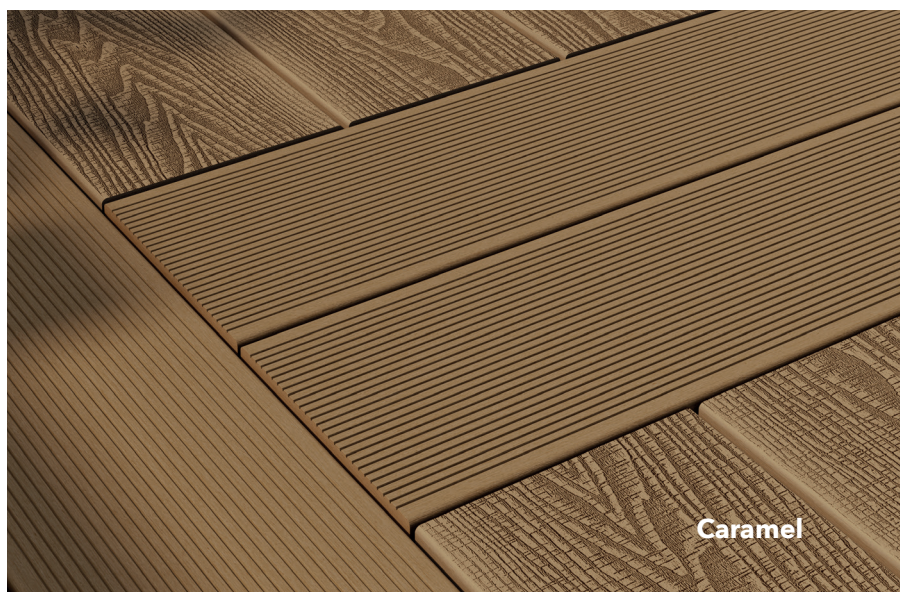

All our composite decking boards are double-sided giving you the option to choose between wood grain or grooved decking or a mixture of both, simply turn the board to suit your style and design.

ALLUR DECKING SYSTEM

All of our composite decking boards are backed up with an extensive range of colour matching accessories to help you complete your project. Ensure your installation benefits from optimum longevity by using composite joists instead of timber.

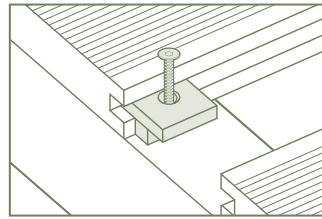

JOISTS

Used to form your decking sub frame.

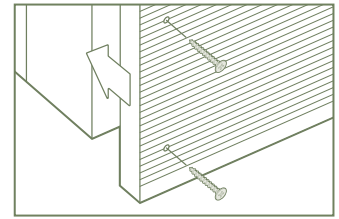

STARTER CLIPS

Fitted to the intersection of each joist.

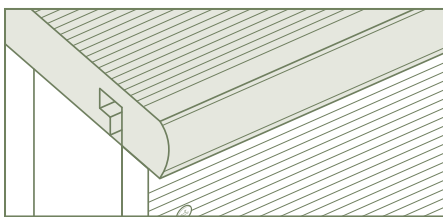

PLASTIC T CLIPS

Used to secure each board in place.

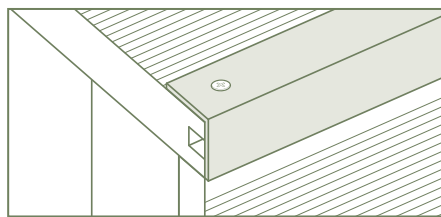

COLOUR MATCHING SCREWS

Offers a sleek finishing touch.

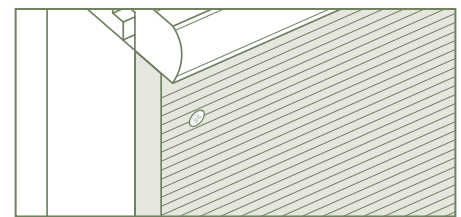

STARTER BOARDS

Used to complete the front edge of your deck.

CORNER EDGING STRIPS

Used as a neat finish to the outside edge of your deck.

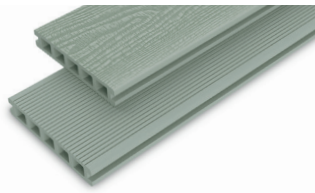

FASCIA BOARDS

Used on front facing areas such as steps.

WWW.ALLUR.CO.UK

The website is also full of other useful information including where to buy, a decking board calculator, a visualiser that displays your chosen décor in both a day and night setting, as well as a free sample service.

Whilst every care has been taken to ensure that the information included in this document was accurate at the time of printing, we reserve the right to change product specifications at any time without prior notice.

Due to variations in the photographic and printing processes the colours shown may vary compared to the actual product, therefore it is recommended that actual product samples are viewed prior to purchase. E&OE.

Please note that decking boards may experience a level of weathering caused by UV rays, which may result in a slight lightening of the colour 3 to 6 months after installation. You may also notice a slight colour difference between Allur decking boards and accessories. Note that once the weathering process has taken place; this colour lightening and difference will diminish.
